## The New Town Hall Create A Community Donor Wall - Legacy for the Future

**H**ave you ever wanted to create a lasting legacy in your home Town?

Well, The New Town Hall is going to provide just such an opportunity.

The New Town Hall design will incorporate a beautiful serpentine tile wall leading to the entrance of the New Town Hall and 3-segmented tile walls around the Heritage Oak Tree and 1-retaining wall in front of the Council Chambers.

The tile walls will provide an opportunity for residents of Los Altos Hills to design their own tiles that will be placed on the donor wall creating a wonderful lasting family memory for future generations.

Tiles can be designed as elegant as you want or as simple, but it will be your own design — your baby or pet's paw print, family signature, or own unique design. For those who want to contribute a tile, but feel they are artistically challenged, we will provide design assistance with The Petroglyph Studio who can provide artistic guidance.

The donated tiles will be either 4x4 (\$200) or 8x8 (\$600). Contributions will be tax deductible. Each resident will be able to purchase as many as they wish, but it will be important to make your

interest known early, because the space is limited and likely to go fast.

Donor Wall funds will be used for enhancements to the project, identified by the donor committee as important, but unfunded in The New Town Hall budget.

The goal is to create a wall that enhances the space by including artwork of residents that contributes to a lasting memory in the Town. The opportunity to participate will be limited to residents only (no commercial entity).

A Donor Wall brochure will be mailed to the entire Town in May and the first opportunity to sign-up for Tiles will be at the Town Picnic on June 6th.

The committee is very excited about this wonderful opportunity to involve the entire community in a project that will provide a lasting family memory in the Town.

Members of the Donor Wall Subcommittee are: Alan Bien, Emily Cheng, Jean Mordo, Duffy Price, John Radford, Dean Warshawsky.

*Should you have any questions, please contact Duffy Price, Chair of the Donor Wall Subcommittee at (650) 948-0596 or [duffy@duffysmail.com](mailto:duffy@duffysmail.com)*

### PUBLIC EDUCATION SURVEY

We need your opinion about PUBLIC EDUCATION in Los Altos Hills

Our Town Council is concerned about public education and wants to hear from all residents, not just those with school age children.

Please complete the survey that is enclosed.  
Send it back to Town Hall and your voice will be heard.

### PUBLIC HEARING NOTICE

#### FENCE ORDINANCE

If you are interested in revisions to the Town Fence Ordinance, please plan to attend the following public hearings in the Town Hall Chambers:

#### PLANNING COMMISSION

March 11 - 7:00 PM
